This Semester's Projects

This semester we worked with Second Chance Animal Sanctuary, Cavett Kids, and Positively Paseo. The teams presented recommendations on a wide variety of topics including: volunteer management, metric development, internship programs, annual reports, corporate sponsorship, and website development. We would like to congratulate this semester's consultants on a job well done.

New Feature: Alumni Board of Directors

This past semester we also created an alumni board of directors. We believe this will be a valuable resource and means of retaining institutional knowledge. We would like to thank our current board of directors: Dana Mohammad-Zadeh, Sam Clancy, Seth McNayr, Ally Glavas, and Ganga Moorthy.

In the Works: Alumni Projects

We are currently in the process of creating an alumni project structure. This was our second semester of alumni projects, and we worked with Arcadia Roundbarn and the Arthritis Foundation. Alumni projects are open to any alumni attending the University of Oklahoma and are typically smaller in scope than a traditional TOG project.
